Magnetic Resonance Scanning and Epilepsy: Amazon.it: Simon D. Shorvon, D. R. Fish, F. Andermann, G. M. Bydder, H. Stefan: Libri in altre lingue. It is concluded that patients with spine implants may safely undergo magnetic resonance scanning. In Part 2, the ... It was only in 1980 that the first recognisable magnetic resonance images of the human brain were published, by Moore and Holland from Nottingham University in England. There then followed a number of clinical trials of brain imaging, the most notable from the Hammersmith Hospital in London using a
