Steps. Part 1. Checking Boot Size and Origin. 1. Check the height of your boots. Fake boots are taller than real pairs; you might only be able to tell this if you have a real pair to compare them to, so either hold an old pair next to this new pair, or compare images online. Real boots have a 11 ¾ inch (29.845 cm) shaft height, and fake boots ...UGG is a brand that is all about luxury and comfort for everyday life. Only the finest quality materials are used to create UGG boots and UGG shoes. UGG is the largest distributor of sheepskin footwear.UGG . UGG is known for its distinctive sheepskin boots for men and women. These sheepskin boots began to gain in popularity in the 60's when surfers wore them as the perfect remedy for their cold, wet feet.Find great deals on eBay for real ugg boots. Shop with confidence.
